

Lake Central Barracudas is a swim team for kids ages 5 to 14. In order to join the swim team your child needs to be able to swim 25 yards (one lap).

The Barracudas practice at the Lake Central High School. Attend the practices that fit your schedule. New swimmers are taught how to swim the freestyle, backstroke, breaststroke and butterfly.

During the swim season there are a number of swim meets. You choose what meets to swim. At the swim meets the kids compete according to age groups (8 & under, 9-10, 11-12, and 13-14). For new swimmers the swim season starts September 27th and ends at the end of February.
